## THE WHITE CAPS.

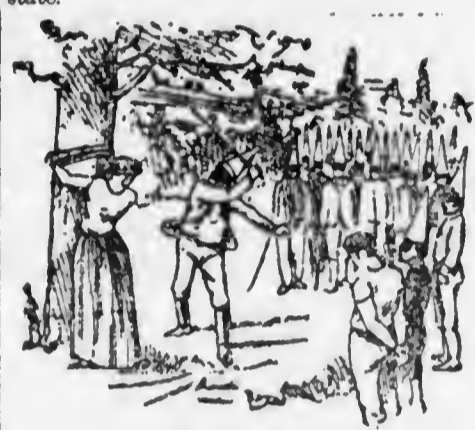

ATTORNEY GENERAL MCCHENER REPORTS TO THE GOVERNOR.

AN INTERESTING STATE DOCUMENT OF INDIANA.

After Thoroughly Examining the Condition of Affairs in Crawford County He Says He Sees No Way to Remedy the Wrong Through Legal Measures, and Suggests That Governor Gray Make a Visit to the Scene of the Outrages.

INDIANAPOLIS, Sept. 8.—Attorney General McChener has submitted his report upon the White Cap investigation in southern Indiana to the governor. It is as follows:

"And I now beg leave to submit the following report: Your letter assumes that I have the power, as the attorney general of the state, to assist in the prosecution of criminal cases, and to aid in the apprehension, indictment and conviction of violators of the law, in the inferior courts of the state.

WHITE CAPS AT WORK.

"You are wrong in this assumption. The attorney general has nothing to do with criminal cases, except such as may be pending in the supreme court. Revised statutes, 1881, sec. 5650. The policy of our law is, in the absence of a necessity for executive interference, to make the inhabitants of the locality apprehend and punish criminals, and it is a wise and salutary one. For this purpose local courts of criminal jurisdiction have been created, and judges and prosecuting attorneys elected by the people. It is only when a criminal case has reached the supreme court that the attorney general becomes clothed with the power to act.

"But when I received your letter I determined to make such investigation as might be proper, not only as a matter of courtesy to you as governor, but because of the interest I felt in the good name of the state and the enforcement of the laws. If I had possessed the power to take action in these matters I would have acted long ago.

"For more than two years past the White Caps have been continuously and defiantly violating the law in Crawford county. At the October term, 1887, of the Crawford circuit court an indictment was returned against Thomas Courtney, Sr., Thomas Courtney, Jr., Isaac Sigler, George Sigler, Irwin Self, Gilly Graves, Davis Cosley, George Cosley and Alfred H. Kaylor.

RAID ON A VICTIM'S HOUSE.

"The indictment charges the defendants with having committed an assault and battery on George Seals September 14, 1886. At the March term, 1887, of that court, all of the defendants, except the two Courtneys and Kaylor, were tried by the court and acquitted. At the June term, 1888, the prosecuting attorney dismissed the case as to the Courtneys, for the reason, as he stated to the court, that there was not sufficient evidence to convict them. All the parties named were indicted at the October term, 1886, for riot in making an assault on George Seals September 14, 1886. The case as to all of the defendants, except Kaylor, has been dismissed by the prosecuting attorney for the reason already stated.

"The same persons were indicted at the October term, 1886, for conspiring to murder Joseph B. Leonard September 14, 1886. This case also, except as to Kaylor, has been dismissed by the prosecuting attorney for the same reason. The same parties were indicted at the October term, 1886, for conspiring to murder Randolph H. Hutchinson September 14, 1886. The case, except as to Kaylor, has been dismissed by the prosecuting attorney for the reason stated. Kaylor has been confined in the state prison South for some time, having been convicted of another offense, and the cases against him are still pending.

"At the October term, 1887, William Highfill was indicted for an assault and battery on Charles Lankford, October 18, 1887, but the case was dismissed by the prosecuting attorney because of the absence of Lankford, who is said to have left the state. An information was lodged against John F. Wright, William Wright and Fafayette Finley for an assault and battery on Nicholas Kirsh with intent to murder him. They were tried by jury at the March term, 1888, and acquitted.

"All these cases were so-called White Cap cases. It thus appears that fourteen persons have been charged with crime, and that none have been convicted. The judge of Crawford circuit court is Hon. W. T. Zenor, who enjoys the reputation of being an honest fearless and able judge. At each session

of the grand jury he has delivered a strong and earnest charge relative to White Caps outrages, and has done all in his power under the law to secure the indictment and conviction of the offenders, and in these efforts he has been supported by the prosecuting attorney. Each of these officers is not only willing but anxious to do all in his power to secure the apprehension, indictment and conviction of the White Caps.

"The judge of the circuit court has the power to appoint counsel to assist the prosecuting attorney in criminal cases and allow compensation for such service out of the county treasury (Tull vs. State, 90 Ind., 238), and he assures me that he will not hesitate to exercise this power in all proper cases. With a judge of such high character, a prosecuting attorney and deputy, the assistant counsel who may be appointed by the court, and the additional counsel employed by you, I think it is safe to assume that the interests of the state will be protected so far as courts and lawyers can do it.

"But the responsibility does not end there; it rests largely with the law-loving people of Crawford county, for among them must be found the grand juries to indict and the petit juries to convict, if sufficient evidence be adduced. I regret to say that I did not find such a general sentiment as must exist before there can be a successful prosecution of the cases which may be brought in the future, no matter how conclusive the evidence may be.

"The condition of affairs is not only deplorable, but alarming. For at least ten years past the most outrageous offenses have been committed with impunity by the White Caps, they have in many ways shown their entire disregard for the law and its officers; they have driven citizens out of the county and out of the state; they have cruelly whipped their victims in the villages of the county without molestation; they have dragged large numbers from their beds and whipped them until the blood flowed to the ground; they have repeatedly flogged helpless women until life was nearly extinct, and have procured the publication of their law-defying notices in the newspapers of the county.

"I have not given a detailed statement of these outrages, for they have long been so notorious that you are, doubtless, well informed concerning them. From the organization of the band of White Caps others spring into existence, and now it is generally believed that all these bands are confederated together in one grand organization, covering portions of three or four counties. The number and the character of the violations of law to which I have briefly alluded, and the general belief that all the bands are combined in an organization for offense and defense, have brought about a reign of terror in the localities infested by the White Caps which can only be fully understood by those who have conversed with the people there.

"Property has been so depreciated that it cannot be sold for half of its value. No one has that confidence in his neighbor which is so essential to a good state of society. All is doubt and distrust and confusion."

The attorney general follows this with several suggestions, the most important of which recommends that the governor visit the infested localities during the October sitting of the circuit court, and by his personal presence invite mutual confidence and change the general sentiment into the belief that the law can be enforced, and the distrust and confusion can be removed provided proper support is given those whose duty it is to protect the law-abiding citizens and punish the lawless.

### A MAKE-BELIEVE HANGING.

Frank Young's Little Joke Almost Ends Fatally.

VINCENNES, Ind., Sept. 8.—Frank Young, confined in the Albany, Ill., jail, attempted to have a little fun, which came near resulting fatally. He told the other prisoners that he was going to hang himself. He then tied a rope around his neck, and climbing upon a stool, tied the other end of the rope around a beam. He then stepped off and kicked over the stool.

Instead of rushing to his assistance, as he expected, the other prisoners only laughed at his frantic struggles. Young made a feeble effort to call for aid, which only increased the risibilities of the others. Their laughter attracted the attention of the sheriff, who rushed in and cut down the make-believe suicide just in time to save him.

### Stagnant Sort of Bank Note.

NEW YORK, Sept. 8.—For a week past Charles S. Upton, a Warren street business man, has exhibited in his show case a bill issued by the Second National bank of Springfield, Mass., that, on the face, is a \$10 bill, while on the back it is \$20. It is one of a sheet of four said to have been printed by mistake by the American Bank Note company, in 1884, the sheet with a \$10 face being run through the press that printed \$20 backs. Yesterday Detective James J. Brooks, of the secret service, made a formal demand for the bill, in order that it might be inspected to determine whether it was counterfeit or not. Mr. Upton refused to give it up, but the matter was compromised by Mr. Upton agreeing to take it himself today to the sub-treasury for examination. He will destroy it, if it is counterfeit, he says.

### Another Substitute for Jute.

NEW ORLEANS, Sept. 8.—A substitute for cotton bagging has been found by the Date cotton mills in a cotton cloth termed "Omabergs" which is of very heavy quality and appears to be very strong and durable. It is not as inflammable as jute bagging. A possibility created by the new bagging is that the use of jute, which has to be imported, will be abandoned and that a bagging industry here in the south will supply its place. All the looms of the Lane mills have been changed to admit of the weaving of this cloth and the supply will be equal to the demands of the planters or until such time as jute is restored to its normal value.

### Killed on From Ambush.

RICHMOND, Tex., Sept. 8.—H. H. Frost, a prominent citizen of this town, was fired upon from ambush on Monday night near his residence, and seriously wounded. It is not known by whom the shots were fired, but three negroes have been arrested on suspicion.

## VERY DISCOURAGING.

TEN DEATHS AND FIFTY-SIX NEW CASES AT JACKSONVILLE.

Many Die for the Want of Skilled Nurses. Several Liberal Responses Received to the Appeal for Funds—Local Physicians Almost Worked Down.

JACKSONVILLE, Fla., Sept. 8.—There were forty-six new cases of yellow fever reported today and ten deaths, the largest number that has so far occurred in one day. The outlook is very discouraging. Some of the patients have died for want of skilled nurses. The board of health has sent to New Orleans for as many competent nurses as are needed.

There is a very bitter feeling among the people here at the policy that has shut women and children in who could have been sent to places of safety two weeks ago had a consistent and well ordered plan been adopted. The committee appointed this morning to prepare a statement of the facts looking to making charges against Surgeon General Hamilton will report within two or three days.

Several liberal responses were received to the appeal for relief, one from H. W. Flinger, \$1,000; the Savannah Benevolent association, \$1,000; the southern department of the Equitable Life Insurance company, \$1,000.

Two additional hospital wards are being built at Sand Hill, and it is hoped that arrangements will soon be perfected for the prompt and careful treatment and nursing of all patients. The poor will be industriously looked after.

Leading local physicians are almost worked down, several being sick. But few tenders of medical aid have been received from places where there are acclimated physicians. Dr. Frank H. Caldwell, of Sanford, has arrived and taken charge of St. Luke's hospital. Several sawmills are cutting lumber for houses at Camp Mitchell. Chairman McDuff will have several hundred workmen ready to begin their construction on Monday morning.

### Gainesville, Palatka and Orlando.

WASHINGTON, Sept. 8.—A telegram received by the marine hospital service from Dr. Posey, states that he visited and inspected the cities of Gainesville and Palatka and Orlando, and found them healthy. Dr. Julius W. reports that Fernandina was also in good sanitary condition on September 1. Dr. Gutierrez reports from Camp Perry that eleven persons were sent to Jacksonville, Thursday; twelve were admitted, and 140 are still in camp. Nine have been discharged.

Surgeon General Hamilton has received the following telegram from W. S. Reese, dated Montgomery, Ala.:

"Our special agent reports ten cases of yellow fever at McCleune, Baker county, Florida; one death from black vomit. Penacolin and Maram have quarantined against the whole of Baker county. We will proceed to follow their example."

### Sporting Notes.

A Pittsburg cricket eleven was defeated Thursday by an eleven from Ireland.

The New Orleans club has disbanded, and the management is \$1,200 in the hole.

The famous race horse "starter," Sheridan, will tap the drum at the fall Latonia meeting.

Chicago has fired Brochers and Mains, their two latest phenomena. The latter will go to Lima.

Directors of the Zanesville club say they have got enough. The players may finish the season on the co-operative plan.

Overcoats were a necessity at Sheephead Bay races track Thursday. Winners were Sam Harper, Chimpagne Charlie, Peg Wollington, Firenze, Frank Ward and Laidite.

Sam Bryant will ship his great, two-year-old, Proctor Knott, to Louisville immediately. He will not be run again this season. He was won \$70,000 in stakes in the east, and has many rich engagements for next season.

### At Lower Brule Agency.

LOWER BRULE AGENCY, Dak., Sept. 8.—The commissioners have not yet done anything of importance, having devoted the time to preparations for the coming work. Prominent Indians say they are about equally divided now, which is decidedly promising, in the face of the fact that nothing substantial has been done to win friends for the Sioux hill. The outlook for securing signatures at this agency is decidedly bright, and it is expected that three weeks hence comparatively all the signatures at Lower Brule and Crow Creek agencies will have been secured in favor of the bill.

### The Gylfe Reaches Port.

LONDON, Sept. 8.—The British bark Gylfe, Capt. Irwin, which sailed from Quebec July 3 for Greenock, and a portion of whose crew arrived in New York some days ago on the steamer Persian Monarch, and charged the captain with attempting to scuttle the vessel, has arrived at Queenstown with the captain and first and second mates on board. The captain states that the crew mutinied on August 21 and took to the boats, abandoning the vessel. The Gylfe is waterlogged. She will be towed to Greenock. The captain and the mates were in an exhausted condition.

### Spinners on a Strike.

FALL RIVER, Mass., Sept. 8.—The spinners in the Narragansett mill have struck because they were compelled to work overtime, in order to make up a few minutes lost. The claim that two of their number were discharged, and they appealed to Secretary Howard for instructions. The latter told them to do as they chose as the spinners union has a law forbidding making up anything less than thirty minutes lost time, accordingly a shop meeting was held and all left their work.

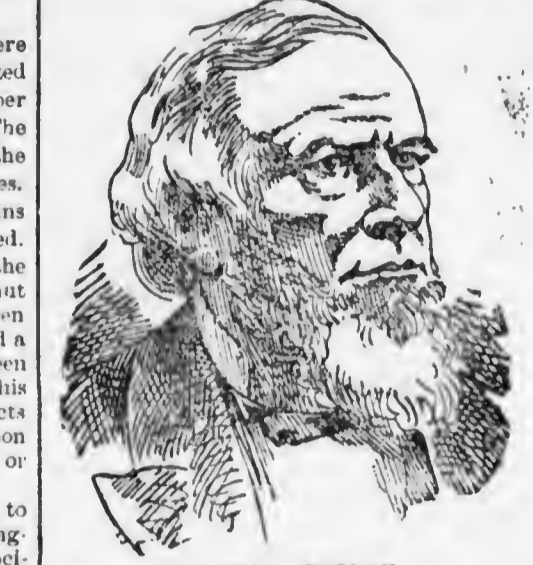

### No Cholera in Michigan.

CHEBOYGAN, Mich., Sept. 8.—A correspondent writes from Presque Isle that the disease which has been raging there for the past six weeks is an epidemic of dysentery. He gives the health officer's statement which says that there have been 209 cases to date; eight deaths, owing to lack of medical assistance, and 179 recoveries. He thinks the scourge about passed.

## THE OLD ROMAN ILL.

He is Overcome at Madison Square Garden, New York, While Speaking.

NEW YORK, Sept. 8.—An immense throng of people gathered Thursday night in Madison Square Garden to hear a speech which Judge Thurman was expected to deliver. As Mr. Thurman stepped forward to the speaker's stand, and stood erect there, wip-

ALLEN O. THURMAN

ing the perspiration from his face with the famed bandana, the wildest excitement followed. Every one having a seat stood upon it. Bandanas and flags were waved, and the crowd cheered and cheered again, drowning into a muffled sound the strains of the band. The cheering continued for fully five minutes and then, with a voice so feeble that only those in a few feet of him could tell except by the motion of his lips that he was speaking, he finally told the audience that he was in no condition to speak, and would be obliged to withdraw from the stage.

Cal. Brice and Mr. Flower stepped forward, and each taking Mr. Thurman by the arm assisted him back from the speaker's stand. He was almost fainting, and for a few minutes was too sick to be removed from the building. When he had recovered sufficiently Judge Thurman was taken in a carriage direct to the ladies' entrance of the Fifth Avenue hotel, accompanied by Messrs. Brice and Barnum, and his son, Allen W. Thurman. The judge was conducted to his room, and was attended by Dr. Goldthwaite, the hotel physician. The latter applied remedies, and later it was said that the distinguished patient would be all right in an hour or two.

Dr. Goldthwaite said the judge had been attacked by cholera morbus at 3 p. m., and he had advised his patient not to exert himself by attending the big meeting. Judge Thurman insisted upon going to Madison Square garden, notwithstanding the advice of his physician.

Mr. Barnum came out of the Thurman apartments in a little while, and, though he looked seriously worried, announced that Mr. Thurman would be all right in a couple of hours.

In the meantime, Governor Hill made a speech to the throng in Madison Square garden. Governor Green, of New Jersey, and others followed with brief addresses.

Judge Thurman slept well during the night, not waking till 10 o'clock. Dr. Goldthwaite visited him at an early hour, and after an examination, said that his patient was doing well and would soon be all right.

### Grand Demonstration at Indianapolis.

INDIANAPOLIS, Sept. 8.—The formal opening of the Republican campaign in Indiana took place Thursday night, and the demonstration was grand, indeed. It is estimated that the procession contained fully ten thousand men. The marching column was reviewed at the New Denison hotel by Gen. Harrison, Gen. Hovey and ex-Governor Porter.

### SCOTT'S CHINESE BILL.

It Passes the Senate—The President's Signature Will Make It a Law.

WASHINGTON, Sept. 8.—The senate passed the Scott Chinese exclusion bill as reported from the house. Ayes 37, nays 3.

### Prairie Fires in Dakota.

ABERDEEN, Dak., Sept. 8.—Reports from points west of here state that prairie fires are doing great damage in Edmunds and McPherson counties. The fire has burned a strip twenty-five miles long and three miles wide. A large number of farmers lost their entire crops and their farm buildings, while others were able to protect their grain by plowing furrows and fighting the fire. The worst is over.

### Indiana Soldiers' Reunion.

COLUMBUS, Ind., Sept. 8.—The veterans of the Eighty-second, Fifty-second, Twenty-second, Thirty-second, Sixty-seventh, Ninety-third, and One Hundred and Forty-fifth Indiana volunteers and the Tenth Indiana cavalry and Second Indiana battery will hold their annual reunion here September 19, 20 and 21. It will be a grand event.

### Harvest Gathered by Flames.

HUNTINGTON, Ind., Sept. 8.—While threshing in an open field on the farm of Col. C. E. Briant, three miles east of this city, a spark from the engine ignited a stack of grain, and from this it was communicated to all, until the entire harvest of wheat and oats was burned. A fire engine was sent out from the city, and with the help of these they saved the buildings. Col. Briant estimates his loss at nearly three thousand bushels of grain.

### Crushed Under Trucks.

TIFFIN, O., Sept. 8.—A man named Cochner, who was moving from Findlay to Tiffin, was badly injured at Carey Thursday. He was standing on the platform, when a passing train struck the projecting handles of a baggage-truck and threw a mountain of trucks upon him, crushing his leg and inflicting severe internal injuries. A lady standing near was also hurt, but how seriously is not known.

### Scalped by a Horse.

MADISON, Ind., Sept. 8.—The three-year-old son of Albert Banta, of Braytown, was bitten on the head by a vicious horse, tearing off the scalp and a portion of the bones, leaving the brain exposed. The little fellow lived but a few hours.

DAILY, EXCEPT SUNDAY.  
ROSSER & MCCARTHY,  
Proprietors.

SATURDAY EVEN'G, SEPT. 8, 1888.

If protection protects the laboring man and gives high wages, what is it then that has produced all the strikes, lock-outs and other turmoil and trouble in the land, and especially in the "protected" industries?

BLAINE, Depew and Lincoln, all recent Republican candidates for President, have been in England recently and all of them have laid in large supplies of clothing, which they can buy cheap in London, in order to "protect American labor."

The Philadelphia Record puts it in this emphatic way: "A man might as well try to bat a base ball across the Atlantic ocean as to make a thick-skulled person think that the word 'protection,' when stripped of its breeches, is nothing more or less than bare-legged taxation. But so it is—just that and nothing more!"

## A Satisfactory Nomination.

The Owingsville Outlook pays a deserved compliment to our nominee for Congress. It says: "The nomination of Thos. H. Paynter seems to have given greater satisfaction than that of any man for a good many years. Although Bath preferred Mr. Bascom, she will give the nominee as cordial a support as she would have given her own favorite. Mr. Paynter is a remarkably clean man both in his public and private life, and entirely free from the factional strifes that have heretofore distracted the Democracy of the district."

Every Democratic paper in the district is giving the nominee a warm support. Let every voter do his duty on election day.

## How the Tariff Works.

Hon. R. Q. Mills, Chairman of the Committee on Ways and Means, thus illustrates the effects of the present high protective tariff. He says:

I find in the report one pair of five-pound blankets; the whole cost, as stated by the manufacturer, is \$2.51. The labor cost he paid for making them is 35 cents. The present tariff is \$1.90. Here is \$1.55 in this tariff over and above the entire labor cost of these blankets. The poor laborer who made the blankets gets 35 cents and the manufacturer keeps the \$1.90. The Mills bill takes off 100 cents of the tariff duty.

Here is a car wheel weighing 500 pounds. Cost \$13. Labor cost 85 cents. The tariff rate is 2 1/2 cents a pound, equal to \$12.50 to cover a labor cost of 85 cents.

Here is a coarse wool suit of clothes, such as our workmen wear in their daily toil in the shop and field. The whole cost is \$12. The labor cost is \$2. The tariff is \$8.10 to cover \$2 of labor.

The so-called great "American system" is often said to protect laborers, but it is so perverted its beneficence stops in the pocket of the employer and leaves the poorly paid laborer to scratch for a living the best he can. Do you want any more of such protection as is shown in the instances we quote?

## Being More Pleasant

to the taste, more acceptable to the stomach, and more truly beneficial in its action, the famous California liquid fruit remedy, Syrup of Figs, is rapidly superseding all others. Try it. One bottle will prove its merits. For sale in 50 cents and \$1 bottles.

## IMPORTANT ACCESSIONS.

Prominent Republicans Who Intend to Vote for Cleveland, Thurman and Tariff Reform.

Marshall Field, the head of the great Chicago mercantile house of Field, Leiter & Co., who has been an earnest Republican, has declared his intention to vote for Cleveland, and was one of the committee to receive Hon. Allan G. Thurman, upon his arrival in Chicago.

John Stephenson, the famous car builder of New York, who voted for every Republican candidate for President from Lincoln to Blaine, announces his intention to vote for President Cleveland, because he considers the attitude of the Republican party on the tariff question utterly wrong. He employs several hundred men.

Marshall C. Lefferts, President of the Celluloid Brush Company and director in other celluloid companies, their factories employing hundreds of men and women, has declared for Cleveland and tariff reform.

Robert Bleakie, one of the largest manufacturers of woolen goods in America, with mills in Maine and Massachusetts, hitherto a Republican, has declared himself in favor of Cleveland and Thurman and tariff reform.

Drexel, the great New York banker, has come out for Cleveland and tariff reform. He says manufacturers, to be prosperous, want free raw material.

F. B. Thurber, the head of the greatest grocery house in New York, has come out for Cleveland. What makes it funny is the fact that Mr. Thurber is a protectionist. He voted for Blaine four years ago.

Enoch P. Finch, of Connecticut, head of one of the largest carriage manufacturing in the United States, has come out for Cleveland. He voted for Blaine, but can't stand free whisky and free oleomargarine.

One of the most notable conversions during the past week is that of DeWitt C. Littlejohn, of New York. He is an ex-speaker of the State Assembly. He can't swallow the "thieving tariff" and the sectionalism of the Republican party.

James D. Rhoads, of Secane, Delaware County, Pennsylvania, is a Republican and the owner of mill property in which 1,500 hands are employed. Recognizing the advantages that would accrue to the manufacturer in the event of the passage of the Mills bill he has declared that he will vote for Cleveland and Thurman. He said: "If I had the casting vote of this country upon the Presidency I would give it to Cleveland and Thurman."

Ex-Mayor George J. Ferry, of Orange, N. J., who is one of the largest hat manufacturers in the country, has declared for Cleveland and Thurman. The ex-Mayor has heretofore been an ardent Republican.

## "The Two Vagabonds."

"The Two Vagabonds—Erminie," rendered at the opera house last night by the Wilbur Opera Company, was, without doubt, the most enjoyable entertainment witnessed here for a long time. This splendid company deserves all that has been said of it by the press. Miss Susie Kirwin, as "Fanchon," captivated the audience, and was recalled time and again in the rendition of her part.

The audience was not as large as it should have been—considering the merits of the company—but it was enthusiastic in its applause, and never seemed to tire of the singing. The costuming was unusually elegant throughout.

Maur's Geography, Steele's Astronomy, Geology and Botany, Dunglison's Physiology, Bartholomew's Caesar, Latin, German and Latin Lessons, at Harry Taylor's at introduction and exchange prices.

Miss Sophia C. Brodt, daughter of Mr. and Mrs. John Brodt, died yesterday afternoon about 5 o'clock at the family residence on the Fleming pike, after an illness of three weeks with typho-malarial fever. The funeral will take place to-morrow afternoon at 2:30 o'clock at M. E. Church, on Third street, services by the pastor, Rev. Thomas Hanford.

## River News.

The heavy rain yesterday has started the river on a rise.

The Boston is due down to-morrow morning at 9 o'clock and the Scotia to-morrow afternoon.

Due up: Bonanza, for Portsmouth, at 8 p. m., and Fashion, for Pittsburg, at midnight.

CHATTANOOGA, TENN., June 27, 1888—Swift's Specific Co., Atlanta, Ga.—Gentlemen: In the early part of the present year, I became afflicted with a violent skin disease, and after taking S. S. S. under advice of another, and to my great surprise, I feel greatly improved. I am still taking the medicine and shall continue to do so until I am perfectly well. COLUMBIA, S. C., July 7, 1888—The Swift Specific Co., Atlanta, Ga.—Gentlemen: I was a great sufferer from muscular rheumatism for two years. I could get no permanent relief from any medicine prescribed by my physician. I took over a dozen bottles of your S. S. S., and now I am as well as ever was in my life. I am sure your medicine cured me, and I would recommend it to any one suffering from any blood disease. Yours truly, O. E. HIGGINS, Conductor C. & G. R. R.

WACO, TEXAS, May 9, 1888—Gentlemen: The wife of one of my customers was terribly afflicted with a loathsome skin disease, that covered her whole body. She was confined to her bed for several years by this affliction, and could not help herself at all. She could not sleep from a violent itching and smarting of the skin. The disease baffled the skill of the physicians who treated it. Her husband began finally giving her Swift's Specific, and she commenced to improve almost immediately, and in a few weeks she was apparently well. She is now a hearty, fine-looking lady, with no trace of the affliction left. Yours very truly, J. E. SEARS, Wholesale Druggist, Austin Avenue.

### OUR CITY SCHOOLS.

#### Report of Superintendent Kappes—The Board Pleased With His Work.

The School Board met last night, all members being present. Superintendent Kappes read his first report. The Board were delighted with the work he has already accomplished, and are enthusiastic over the measures of reform which has introduced, both in discipline and instruction. They assured him of their hearty support and co-operation in the great work before him. The Superintendent's report was as follows:

Gentlemen of the School Board: I have, during the present week, visited all the city public schools; but, as my observations have necessarily been somewhat limited, I desire to offer this communication not as an official report, but rather as giving you the result of a somewhat superficial general impression.

The fact that teachers, pupils and parents all seem interested in the great work we have undertaken, and that they are inclined to co-operate with us in the endeavor to improve the general character of our public schools, is highly encouraging. Everywhere, I have been treated with the utmost courtesy and respect. The teachers uniformly show a commendable degree of interest and enthusiasm; and they accept all suggestions willingly. I have found many things to commend and some things to correct, which it is not necessary to mention now. The work of correction and reformation can be, perhaps, most profitably accomplished at the regular meeting of teachers, which, I propose, shall occur at stated times. On these occasions it will be my endeavor to promote an intelligent discussion of the best means to be used in imparting instruction and in securing good order and good habits in general among the pupils. In this way I shall hope to effect much good without being personal or wounding the feelings of any. My belief is that all indications point to a successful and prosperous school year. I will simply refer to the fact, one hundred and seventeen names have been enrolled for the study of German and sixty for the study of instrumental music.

All the schools have been given to understand that certain rules and regulations will be strictly enforced, more especially those which relate to the following points, viz:

1. Obedience,
2. Propriety of deportment,
3. Neatness and order,
4. Regularity in attendance and
5. Punctuality.

So far as your board is concerned, I have at present no recommendations to make; I wish only to thank you for the support you have so kindly and heartily given; and, I trust, through our mutual and united efforts, the time is not far distant when Maysville will have just occasion to point with pride to the excellence of her public schools. Respectfully,

J. H. KAPPEE,

Superintendent of City Schools.

A city teachers' institute was established, the regular attendance of each teacher being required. Literary and musical entertainments by the pupils will be held from time to time throughout the scholastic year, as a means for the development of greater intellectuality and general culture.

About six hundred pupils were enrolled in the schools the past week.

NEWSPAPERS are sometimes condemned for their inaccuracy, but anyone thoroughly acquainted with human nature would wonder that they are not much worse. People have a bent for exaggeration. With no evil intention they will add a little to what they hear, until it is utterly different from the truth. Reporters often hear stories at third or fourth hand, and were they published as heard, they would cause frequent deaths among the newspaper men, as irate parents, insulted brothers, and the like, would be as thick and aggressive as mosquitoes are these warm nights.—Exchange.

### CANADIAN EMIGRANTS RETURN HOME DISGUSTED.

Comment of the London Press on Blustering Lords—Two European Powers Interested in the Revolt in Afghanistan—One of Our Ministers Attacked.

LONDON, Sept. 8.—Emigrants who are returning from Canada do not report that land to be all it was pictured to them by the agents who were eager to sell them steamship tickets to go out to it. They did not find the country as described, but far worse than their own, consequently have returned. One especially intelligent immigrant whose name is John MacIver, has just arrived at Glasgow from Manitoba, has proceeded to the Island of Lewis, his home. He will immediately start on an anti-emigrant crusade, warn all his neighbors and friends against repeating his experience.

MacIver, who is a stalwart honest fellow, went out to Manitoba in the last company of emigrants, intending to make a home there and send for his family. He worked three months in Winnipeg on the railroad, and defrayed his passage home by caring for cattle on the return voyage. He tells a dismal story of life in Manitoba, and says the emigrants he left there entreated him to warn their friends who had thoughts of emigrating not to come.

He said that the heat and the bad water was killing them, and that they could earn no money. Their daughters, he said, were employed in the taverns at Winnipeg, or about there, and sixteen shillings a quarter were hard to get. The girls, he said, expected to come down even lower than waiting in taverns, and others were crying their eyes out in the strange land. Manitoba, MacIver declared, was a perfect hell, and he would sooner die alongside a hut in Lewis than to take his family there.

#### Braggadocio Speeches.

LONDON, Sept. 8.—The duke of Rutland and Sir Charles Tupper made braggadocio speeches on the fisheries dispute at the banquet of the cutlers at Sheffield, and the morning papers comment severely on them.

The Morning Post assumes that the duke of Rutland reflects the spirit of the cabinet. It says that the threat of President Cleveland has failed to upset the judicial attitude either of the imperial or Canadian government, and we may hope in view of this attitude, and with the strong moral pressure which the American nation generally is certain to bring to bear on their rulers. President Cleveland and his advisers will adopt an attitude more conformable to the usages of pacific diplomacy.

The Standard says: "For the subsequent change of tactics on the part of President Cleveland, or for the unfortunate vote of the senate, the colonists are not responsible. They can only repeat that though anxious to keep on good terms with the United States, they cannot make shipwreck of their own interests and those of their posterity to oblige American party politicians."

The Daily News observes: "To day the only enemy of Canada is the senate, and the senate is preoccupied with the electoral interests of the Republican party. Much sharp talk of the senate and American press is being cabled here, and excites much gossip in political and mercantile circles."

#### The Afghan Revolt.

LONDON, Sept. 8.—The reports received through St. Petersburg Thursday of a revolt in Afghanistan, and the proclaiming of Isahak Khan as ameer by the northern tribes, may herald the approach of a revolution in that country which would greatly interest at least two of the European powers—Russia and England. The latter has every reason to support the claims of the present incumbent of the semi-barbarous Afghan throne, as he was placed upon the throne by England, and because he has strong leanings towards the friend who put him in power. Russia, on the contrary, would take pleasure in seeing Ameer Abdurrahman deprived of his throne, and another man set up who was more friendly to Russia, and who would not receive English direction. It is hinted in semi-official circles here that the czar has possibly had some hand in the present revolt which has proclaimed Isahak Khan, a pro-Russian ameer.

The present ameer is not the legal occupant of the throne, but is the nephew of Shere Ali, the late ameer, who had two sons, Yacob and Ayoub Khan. Yacob is an idiot and is supported in India by England, while Ayoub has made himself a terror to the ameer and also to England.

For years Russia has been edging nearer Afghanistan until now, her railroads and her troops are much nearer Kabul than when Shere Ali was on the throne. It will be of immense advantage to Russia to have for an Afghan ruler one who favors her, for Afghanistan possesses many attractions to the czar. It would not therefore be surprising to find Russia's hand back of this new revolt.

#### American Minister Attacked.

SINGAPORE, Sept. 8.—In the excitement occasioned by a discussion of the rejection of the immigration treaty, a mob attacked the residence of the American official at Canton. The Chinese still hope the treaty may be ratified.

#### Help for Irish Tenants.

DUBLIN, Sept. 8.—Archbishop Walsh has forwarded to the National league the sum of £1,632 sent from America, Australia and New Zealand, to be applied to the aid of evicted tenants in Ireland.

#### Foreign Notes.

A new railway will be built through Siberia to Irkutsk.

At the London derby, the race for the Hartington plate, was won by Sir Jardines Hawthorn.

Twelve hundred spinners at Lotton, England, have struck against the introduction of a new system of weighing cotton. It is expected that the strike will spread.

A Rome dispatch to the London Chronicle says: The pope has instructed the papal nuncio at Brussels to aid Cardinal Lavigne to convoke an international conference on the suppression of slave trading. His holiness promises to send legates to the conference.

The French government has ordered an inquiry into the reported transportation of slaves in dhows, carrying French colors. Should the report prove true the authorities are determined to put a stop to the degradation of the French flag by the Arab slave traders.

## HARRIET BEECHER STOWE.

The Famous Authoress Said to Be Dying.  
List of Her Works.

NEW YORK, Sept. 8.—Mrs. Harriet Beecher Stowe, the well known American authoress, is lying seriously ill at her summer residence in Sag Harbor, and her physician has no hope of her recovery. The family has been summoned to her bedside. Mrs. Stowe is in her seventy-seventh year, and has a celebrated disease. She is famous the world over as the author of "Uncle Tom's Cabin."

Her father, Rev. Lyman Beecher, had ten children, eight of whom were authors of more or less repute. Mrs. Stowe was born at Litchfield, Conn., on June 15, 1811. She was interested and associated with her sister Catharine in the labors of a school at Hartford in 1827, afterward removing to Walnut Hills, near Cincinnati. She was married in 1832 to the Rev. Calvin E. Stowe, D.D. Mrs. Stowe wrote several tales and sketches, which were afterward collected under the title of the "May Flower," 1849. In 1850 she contributed to the National Era, an anti-slavery paper published at Washington, "Uncle Tom's Cabin," as a serial.

This story followed shortly afterward, in 1852, in book form, and met with merited success, 318,000 copies being sold in the United States within the short space of three years and a half, and in all, over half a million copies, including a German edition. In Great Britain its sale was enormous. It has been translated into more than twenty languages, including Welsh, Russian, Armenian, Arabic, Chinese and Japanese; there were fourteen different German and four different French versions, and it has been dramatized in various forms.

Mrs. Stowe subsequently published "A Peep into Uncle Tom's Cabin for Children," 1853; "A Key to Uncle Tom's Cabin," giving the original facts and statements on which that work was based, 1853; and "The Christian Slave," a drama founded upon "Uncle Tom's Cabin," 1855. "Uncle Tom's Emancipation," was issued in 1853, and in the same year she visited Europe, publishing in the year following "Sunny Memories of Foreign Lands." A little work entitled "Geography for My Children," was published in 1855, and the next year appeared her second anti-slavery novel, "Dred," a Tale of the Dismal Swamp, republished in 1859 under the title of "Nina Gordon."

In subsequent works Mrs. Stowe has delineated the domestic life of New England of fifty or one hundred years ago. Her other published works are: "Our Charley and What to Do With Him," 1859; "The Pearl of Orr's Island," 1862; "Agnes of Sorrento," 1863; "The Ravages of Carpet," "Religious Poems," "Stories About Our Dogs," "Little Foxes," "Queer Little People," "The Chimney Corner," "Men of Our Times," "My Wife and I," "A Dog's Mission," etc. Mrs. Stowe's home is in Hartford, Conn., but she passes much of her time in Florida, where she possesses an extensive orange plantation.
